

Media & Animation Level 2

This course will allow you to work as an entry level creative in digital media design, game design, publishing, visual effects, advertising and marketing businesses.

You will develop the abilities to work independently and in teams, to a client brief, to create original visual content for a range of digital media platforms.

Through tutorial sessions, you will be supported to enhance wider employability skills including project management, teamwork, research, communication and presentation skills alongside your time management.

Waltham Forest College is putting sustainability at the heart of everything that we do, and in this course, you will learn practices that support pollution prevention, ecosystem management and environmental protection. Our creative courses also incorporate and promote green skills and sustainability. Art & Design and Fashion students produce projects on climate change, recycling and upcycling, and our Media students support the College's green agenda by submitting their work digitally throughout the duration of the course.

This course is scheduled over 3 days per week and will be a mixture of theory, practical and online lessons.

- [Sector Overview](#)

The UK's creative industries boast a range of interesting and exciting careers for those looking to enter a thriving and innovative sector, with opportunities ranging from jobs involved with arts, culture and design to working in video gaming or the media.

The creative industries bring together a range of sub-sectors involved with economic activities that all have creativity at their centre. From fashion, crafts and visual arts to music, publishing, TV, radio and film, these are all part of what's known as the UK's creative economy.
