

Skills Build A

The Skills Build programme is designed for young people aged 16-18, or up to 24 with an Education, Health and Care (EHC) plan who have Special Education Needs and/or a Learning Difficulty.

The programme is designed to support learners to transition into adulthood and links to preparing for adulthood outcomes, including independent living and employability pathways leading into paid or voluntary employment.

You will learn to take care of your physical and emotional wellbeing. You will also be encouraged to form friendships and participate in local communities and will be supported through regular tutorials, work experience and enrichment activities.

- [Sector Overview](#)

Post 16 SEND provisions offer a range of courses to young people who have special educational needs and disabilities (SEND) which will help to prepare them for adulthood by improving independent living skills and developing employability. A person-centred approach is used to create an individualised programme of study that caters for the student's needs and helps them to achieve their goals.
